FF Hands 2010
NEW FEATURES

FF Hands

The archetypes of digital handwriting, these fonts were the result of experiments with (at the time) new software, and years of indoctrination on how to write. Just van Rossum is left-handed, Erik van Blokland is right-handed. For typo-buffs, also a set of small caps and oldstyle figures, and even ligatures.

Literatürntreffen

"German u" via Stylistic Set 1 & Stylistic Alternates

Ligatures

Ligatures

2010

The image shows the word 'Literatürntreffen' written in a blue, calligraphic script. The 'u' is formed using a 'German u' character from a stylistic set. There are several ligatures throughout the word, such as 'er' and 'nt'. A line points from the text 'Ligatures' to the 'er' and 'nt' ligatures. Another line points from the text 'Ligatures' to the 'u'. A third line points from the text '2010' to the end of the word.

Literaturntreffen

1990

The image shows the word 'Literaturntreffen' written in a pink, calligraphic script. The 'u' is formed using a standard 'u' character. There are several ligatures throughout the word, such as 'er' and 'nt'. A line points from the text '1990' to the end of the word.
